LIANZA
Conference
2017

AMURI TOI I A AKO WHAKAARO
Open.

24 - 27 SEPTEMBER | CHRISTCHURCH

Our conference is at Addington Racecourse in Christchurch from September 24 to 27, 2017.

Conference Participants

LIANZA 2017 will bring together the biggest gathering of library and information professionals in New Zealand. Participants will include decision-makers, managers, government officials, publishers, archivists, curators, librarians, librarian assistants, and game changers in the technology industry. We expect over 500 cross-discipline delegates from across New Zealand and internationally.

As a profession, New Zealand librarians serve over 2.4 million individuals, with a combined budget of over \$400 million. Attending LIANZA enables you to network with key stakeholders throughout the sector. The conference gives exhibitors and sponsors an incredible opportunity to share and promote your products and services with an audience of leaders.

The Venue: Addington Events Centre

Initially developed in the 1930's to host harness racing events, Addington has expanded its facilities over the decades and is today one of the city's leading venues. Situated just minutes from the Christchurch CBD the size and scope of Addington's facilities allows them to accommodate trade shows, expos, meetings, dinners, weddings and most inporantly, conferences!

Please note that sponsors will be given priority during the stand allocation process.

Platinum LIANZA Partner: \$25,000

Te Pou Ariki: Maungakiekie

We are delighted to announce that our *Platinum Partner* is Open Polytechnic.

Open Polytechnic is proud to be a platinum partner of the 2017 LIANZA Conference.

It is an exciting time for the library and information profession. There are collaborative projects happening across the sector, as well as a growing number of opportunities for information professionals to support the quality of life and wellbeing for all New Zealanders.

Libraries have a vital role to play in connecting people to information and ideas, promoting lifelong learning, strengthening the changing needs of diverse communities, as well as underpinning the research and business success of the nation.

Open Polytechnic is proud to provide a pathway into this vibrant profession in its role as the main tertiary provider of undergraduate library and information studies qualifications. These qualifications range from introductory level certificates and diplomas to degrees majoring in library and information studies.

As New Zealand's specialist provider of online and distance learning, the Open Polytechnic is one of the major educators of New Zealand's current workforce, enrolling around 900 library and information students nationwide each year. The majority of Open Polytechnic learners study part-time, fitting their studies around work, family and other commitments.
